Who we are

Richmond Community Services Incorporated (RCSI) works together with local residents and the community to identify needs and improve services to the Hawkesbury with the vision of ...making a difference...

Community Development and Support – RCSI’s ongoing commitment to the community is well represented with ongoing free workshops addressing issues *such as* Anger Management for Parents, Sibling Rivalry, Anti Bullying Strategies, Parent Connect, Helping Kid’s Deal with responses to Loss, Anger Management , Stress Management.—and much more. All of these initiatives are developed in direct response to gaps in services and feedback from our clients and local interagencies.

Family Support - This service supports families under stress or in crisis with dependent children who are living in Richmond and surrounding Hawkesbury suburbs. Home visits or centre-based sessions provide information and referral, counselling and support to families. The service also provides a “Parent Connect” group for isolated parents caring for children aged 0 –8 years needing some time with other parents to learn new skills and have fun together

Neighbour Aid - Neighbour Aid is a social home visiting service for people over 65 and their carers. Volunteers are recruited from the community and visit clients two hours a week on a one to one basis, with the aim to assist clients to remain living independently in their homes to delay inappropriate or premature residential care. ...cont....

The core aim of the Neighbour Aid project is to relieve social isolation and to support the person to participate within his or her own community. This can be either within the person’s home environment or while the person is accessing community services or other activities, outings and facilities.

Community Centre Activities - by providing a wealth of our own work and space for other community services activities we ensure that the centre is always busy, open to all in the community and at the heart of the local community.
