## Supporting Parents & Kids Through Separation

Coping with the family changes can be challenging for children and their parents, and for those supporting the family—including relatives and friends, work colleagues and school staff. Some knowledge and understanding of what children and young people are dealing with can help us to provide the right kinds of support. This workshop aims to provide an insight into the different reactions to from children to separation, how to handle them in a positive way and protect both kids and their parents through this challenging time.

The project is funded by the Australian Government's continuation funding of the 'Tools for Parents' project — to provide free workshops and ongoing courses designed to help parents/primary carers of children 0—12 years develop better relationships between themselves and with their children —and to enhance parenting skills. Richmond Community Services Inc. purchases group and workshop facilitation from Windsor Professional Centre and childcare services from Hawkesbury Community Outreach Mobile Minders Service for the project and is delighted to offer them free to participants.
